

u • nique [yoo-nēk]

adjective

being the only one of its kind; unlike anything else:

[*predic*] (*unique to*) *belonging or connected to (one particular person, group, place or thing)*

Introducing The Only 4000 Watt CW, 80-1000 MHz Amplifier Of Its Kind

Usually, we talk about all the features that make our amplifiers superior to all the other amps out there, but this time we can't. There simply is no other Class A 4000 watt amplifier that covers the 80-1000 MHz frequency range. Not only is AR's Model 4000W1000B in a class by itself, it's now approximately 1/3rd the size of our previous model.

When you specify this 4000 watt amplifier you're getting a tough, durable and completely reliable product that delivers all the power promised time after time. AR amplifiers perform beyond expectations, beyond the norm, and beyond the capabilities of ordinary amplifiers. As the industry leader for over 45 years, AR products are supported by a technical and customer support network that is second to none, and one you can rely upon to solve any problems or satisfy any requirements that you may encounter.

So when you buy an AR 4000 watt, 80-1000 MHz amplifier or any low power unit, you can't go wrong.
